

NEW FEATURES AT THE BRODHEAD FAIR

HORSE SHOW EACH NIGHT IN FRONT OF GRAND STAND

Special Rings are being made up for the occasion. Same may be had by writing the Secretary or calling at his office during the Fair.

It is the object of the Association to make the night shows most interesting.

EDUCATED HORSES

In addition to the special show rings, arrangements have been made with Prof. A. T. McDonald, of New York City, with his string of educated horses, for the first time visiting any Kentucky towns, to give his performances each evening, and at no other time will his performances be shown except at night.

The Famous Wild West SHOW PERFORMANCES AT NIGHT ONLY

In addition to the free performances each day on the track, consisting of Hippodrome, Races, etc., a special feature will be rendered each night, consisting of the most daring feats of Wild West performances.

AERIAL PERFORMANCES

Consisting of Casting, Flying
and Mid-Air Leaps.

This feature will last from twenty to thirty minutes and is the most dangerous performances now being staged in open air.

BAND CONCERTS

A special program of Music is being arranged for each night performance, which will add to the occasion as only the best music will be used on this occasion.

The grounds will be handsomely lighted, and enclosed by 600 feet of Wall Tent. Each performance will be given in front of the Grand Stand within the enclosure mentioned, and a change of program rendered each night. This is a new feature never before attempted by a country Fair in Kentucky, and we hope to make it the best part of our entertainment. All special features are very costly to the Association, and the program to be rendered will be no part of any performance shown at any time on the grounds, but are specially reserved for night.

Everyone come expecting to stay for the night show.

Show to begin promptly at 7:30 p.m.

BECKHAM WINS HIS FIGHT FOR SENATOR AT BLUEGRASS FAIR

Will Have a Majority of At
Least Twenty-Five Hun-
dred Votes

RESULTS OF THE PRIMARY

GOV. MCCREARY MAKES POOR
SHOWING THROUGHOUT
THE STATE.

The Seven Representatives Who Did
Not Have Contests Scored a Clean
Sweep and All Will be Candidates
for Election in November—Powers
Wins Easy Victory.

Western Newspaper Union News Service.

Louisville, Ky.—That J. C. W. Beck-
ham had defeated A. O. Stanley for
the Democratic senatorial nomination
in Kentucky was indicated when re-
turns from 111 counties, most of them
complete, gave Beckham a majority
of about 2,500 votes. Even the
faintest of the opposition confirm
this estimate. As the missing coun-
ties are all in the Tenth and Eleventh
Districts, where a complete report will
be lacking for a day or so, and all con-
ceded to Beckham, every indication
is that the Beckham majority will be
built up near the 2,500 mark. Beck-
ham has carried 93 of the 120 coun-
ties. Eight of the eleven districts
have given him a majority. His con-
cession of three districts to Stanley,
made by his campaign managers sev-

Ex-Governor J. C. W. Beckham.

eral days before the primary, has be-
come out. Gov. McCreary's cur-
rently poor race, with scarcely a re-
flectable representation anywhere, was
a matter of much political comment.
The governor's meager vote is con-
sidered to have weighed heavily against
Stanley's chances. Beckham's hard
fight the night before the primary
under senatorial ambitions and the
shift at the hands of a Democratic
majority in his victory. Beckham's
triumph is a triumph for the Demo-
cratic party in the state for the
senatorial nomination is an easy job for
the party. Governor McCreary's
entire victory a vote that is re-
flectable. Only the official returns
in all the counties. A very ex-
tensive report is in the hands of
the Republican press for the
night that between Wilson and En-
glish very close, though the Demo-
cratic is said to have a safe ma-
jority. The Progressive vote in this was
a light that few reports of it were
made. Barton Vance, of Louisville
ad a comfortable lead over his oppo-
nent, Judge George W. Little of Owens-
boro. Several many votes were
cast for congressional nomination
in the various districts. While the
lights were not white they have
results show that the winners in con-
cess pulled away by large majorities
in the Democratic races the follow-
ing are given: First district, Bar-
ry, Dem., 2,700; Second district
Nichols, Dem., 6,400; Third dis-
trict, Thomas, Dem., 2,000; Fourth dis-
trict, Johnson, Dem., 8,000; Fifth dis-
trict, Shirley, Dem., 3,200; Sixth dis-
trict, no contest; Seventh district,
Cantrill, Dem., 6,700; Eighth district,
no contest; Ninth district, Fields
Dem., 5,000; Tenth district, no con-
test; Eleventh district, Powers, Rep.,
8,000.

DOG SUSPECTED OF RABIES.

riencing a mad dog scare. Several
were bitten by a suspected dog. It
was killed and its head was sent to
Bowling Green for examination. Word
was received that the head showed
symptoms of rabies. One of the men
bitten, Harrison Martin, left at once
for Bowling Green for treatment. The
other victims are John Crawford, Jer-

ANNUAL EXHIBITION AT BLUEGRASS FAIR

KENTUCKY'S GREAT AGRICUL-
TURAL AND LIVE STOCK
EXPOSITION HELD.

HORSE SHOW IS A FEATURE

The Heart of the Blue Grass Region
and in the Center of Fine
Breeding Section.

Western Newspaper Union News Service.

Covington, Ky.—The Bluegrass fair
the great agricultural live stock ex-
position, and the annual social and
amusement event of Central Kentucky
was held here through the week. Sit-
uated as Lexington is, in the heart of
the Bluegrass region, the center of the
fine live stock breeding section of the
United States, and in the midst of a
more diversified and fruitful agricul-
tural activity than perhaps any other
part of the country, the Bluegrass
fair is an institution peculiar to itself
and is typical of the Bluegrass region
of Kentucky. The preliminary enter-
prises for the exhibition and the inquiries
received indicated that the fair would
be the greatest success it was, the great-
est and most largely attended by any
of the series, which has extended
through many years. The features of
the horse show were rings for three-
and five-gaited saddle horses, road-
sters and fine harness horses, with
among the races was the \$1,000 stake
for 2-year-old trotters. Tuesday was
the time of the exhibitions of under-
ferford cattle, Tamworth and Ham-
shire hogs and Shropshire sheep. In
addition to the rings for breeding
classes for saddle horses, including a
\$1,000 stake for snickling roadsters
fine and heavy harness horses, five and
three-gaited saddle horses, and ponies
other than Shetlands. On Wednesday
the exhibitions of jacks and ponies,
breeding classes for trotting horses,
Berklure, Poland China and Duroc-
Jersey hogs, Southdown, Cheviot,
Hampshire-Down and Suffolk sheep,
while the horse show had the roadster
stake, saddle and fine harness horse
rings, with the contest for the best boy
rider. Thursday's exhibition com-
prised the breeding classes for Amer-
ican saddle horses, rings for draft
horses and Shorthorn cattle, while the
chief feature of the horse show was
the rings for five-gaited saddle horses.
Although there will be contests also for
three-gaited saddle horses, and road-
sters, and a runabout horse ring. On
Friday the Jersey cattle exhibition,
with classes for Shetland ponies, the
\$100 stake for three-gaited saddle
horses, and rings for five-gaited saddle
horses, and fine harness horses, and a
ring for ponies other than Shetlands.
Saturday was thoroughbred day, in
which the breeding classes for thor-
oughbred horses brought out many of
the famous former stars of the turf,
as well as their youthful progeny
which will be the future great race
horses of the country. In addition
there were rings for roadsters, the
best girl driver under 12 years old
the best boy driver, plantation horses,
fine harness horses including the 2-year
and junior championship, three-gaited
saddle horses and the Eldridge spe-
cial prize for saddle stallion or mare
3 years old and under.

GOOD ROAD WORK IN WARREN.

Crew of Over 100 Men Employed
Throughout County.

Bowling Green, Ky.—The first mile
of new road constructed in Warren
county this year was completed near
Anna postoffice. Work on this mile
of road has been in progress since July
15, and the road is one of the best
pieces of road work in the county.
Another mile on this same road will
be begun, and this will carry the road
construction work to Pleasant Hill
church. Another crew of men in the
Greencastle district of the county is
engaged in constructing a similar road
on the Richardsville and Mouth of Gas-
per road. Work on the construction of
new roads in the Stallard Springs dis-
trict will be begun on the Rockfield
and Woodburn road.

NEW COAL COMPANY ORGANIZED.

Judge Robert H. Winn and Others In-
corporate Concern.

Mt. Sterling, Ky.—Judge Robert H.
Winn, John A. Jedy and Lewis Ap-
person, of this city, have filed articles
incorporating The Rush Branch Kel-
nel Coal Co., with County Clerk Kel-
nel Greene. The new company ex-
pects to carry on a general business
of buying, selling, leasing and operat-
ing coal lands and the capital stock is
given at \$10,000.

MISSING MINISTER IS LOCATED.

Covington, Ky.—What is believed
may lead to a solution of the mystery
surrounding the disappearance of the
Rev. Milton W. Hyatt from his home
in Covington is a letter received, signed
"Rev. Hyatt." The letter came
from St. Louis, Mo., and gave the ad-
dress in that city. It requested that a
box which was lent by the minister
with the firm be sent to him at once.
No explanation of the absence was
offered. The Rev. Mr. Hyatt is a mem-
ber of the Baptist ministry.

The Rate Case Decision.

The Interstate Commerce Commission's decision in the Eastern rate cases is by no means all that the railroads asked, it is decidedly more than they had been led to expect by what purported to be authentic forecasts sent broadcast in the past few weeks. The increase granted include both class and commodity rates and are confined exclusively to the lines between Pittsburgh and Buffalo and the Mississippi. No increase is granted on Atlantic seaboard rates or on such commodities as coal, coke and iron. The total increase is estimated at 1 1/2 per cent, less than half, it will be seen, of what the railroads asked. That a larger increase was not made is due to the commission's belief, that though conditions may warrant it, the railroads have not made out a case sufficient to justify it. Further, the commission is convinced that there are economies in the way of increased passenger rates and the abolition of all passes which can be made to add materially to the railroads' net revenues. Considering the successful fight in the South and East for lower passenger rates, this recommendation of the commission comes as a distinct surprise. Whether it could be put into effect is a question reasonably open to a difference of opinion under normal conditions. As things are now, it is a practical impossibility.

Taken as a whole, however, the chief significance of the decision lies in the fact that the commission, by a majority of five—Mr. Daniels going even further than his associates, Mr. McChord alone dissenting—has reached the conclusion that the limit to which enforced retrenchment by the railroads can be carried with justice has not only been arrived at, but exceeded.

Coming at any other time the decision would have made immediately and emphatically for a restoration of business confidence and a renewal of railroad activity. With the whole of Europe in a death grapple, it is difficult to see wherein the decision can, for the time being, have more than an academic interest. Later on, when the United States is called on to supply the world's markets and to take over in the commerce of South America and the Far East the place now held by Germany, the decision will be one of the contributing factors, in an era of prosperity such as no other nation has dreamed of and for which American foresight, by the building of the Panama canal and the passage of the tariff act, together with the insanity that has mastered Europe, has paved the way.

\$100 REWARD \$100

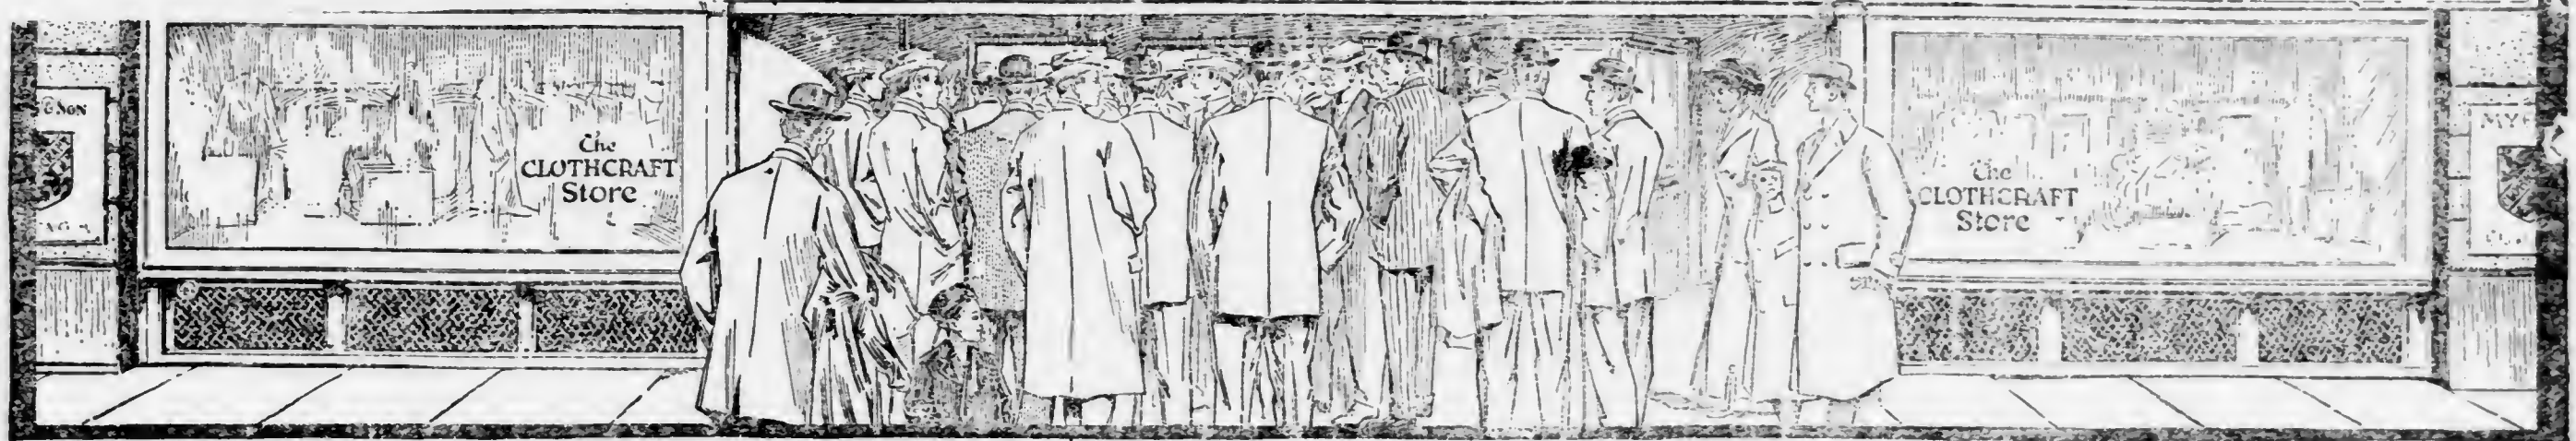

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Whatever other conclusions may be drawn as a result of Saturday's primary, one thing on the face of present surface indications, seems certain, and that is Mr. Stanley's nomination for Governor next year by the Democratic primary.

The second conclusion is that State wide prohibition will be the issue in the primary campaign. If not in the general election and that Mr. Stanley, in the primary will be the perhaps avowed representative of that element in his party which is opposed to State-wide prohibition of the liquor traffic.

These two propositions seem at this time to be inevitable.

Mr. Stanley has his campaign for Governor already made. He could probably win it without making another speech.

The result of this race with Beckham leads to the belief that had the campaign lasted two weeks longer he would have been successful. He seems to be the sort of a candidate that his party wants, and no one of the gentlemen now talked of as a probable candidate for the Democratic nomination for Governor could defeat him if he entered the race.—Lexington Leader.

FAIR NOTES

On account of the high wind the
balloon man could not fly the sec-
ond day.

Vice President J. H. Coffey was
one of the hard workers and ren-
dered much valuable assistance.

R. B. Mullins, director, was an
indispensable adjunct in the sec-
retary's office.

C. B. McKeezie, V. C. Tate and
T. J. Pennington were our ticket
sellers and they were good ones.

Tom Proctor and Logan Sowder
were on the job at the gate as
usual.

The fair company wishes to ex-
press to Judge Ballard, Sheriff
Cum Mullins, Jailor Winstead and
their corps of splendid assistants
their thanks for the splendid order
maintained, and for the prompt
way in which all the drunks and
bullies were shown to head in.
They were thirty six in jail at one
time.

Directors, W. G. Hysinger, J.
W. Parsons and Tom Kirby were
always on the job and took care of
the matters on the outside. None
worked harder than these three to
make everything go well.

T. J. Nicoley makes an ideal
ring master.

W. H. Fish and Chas. C. Davis,
the secretary and president, cer-
tainly deserves much credit for
the work done for the fair. They
worked hard and have been at it
for a long time.

The horsemen all went away
from Mt. Vernon satisfied if some
of them did not get very much
money.

A big Mt. Vernon Fair is the
universal decision of every one
who attended.

Our edition is a little late this
week, but this is fair week, the
office force has worked hard for
many weeks and deserved a rest
which we gladly gave them, even
though there had been no paper
at all. We will be right on the
job hereafter and endeavor to give
our readers the very best paper
possible each week. We ask our
correspondents to send in regular-
ly each week all the good news of
their respective localities or com-
munities.

The admission to the Brodhead
fair will be twenty five cents, a
good square meal for 25 cents.
Plenty of good shade and pure
water at the Brodhead fair.

The Brodhead Fair Association
has added a special feature to their
program this season, which is a
horse show at night together with
with some special attractions con-
sisting of educated horses and
wild west and other performances.

The Mt. Vernon fair which
closes to day has been all that the
fair association could ask for.
The floral hall far surpassed the
expectations of any one and the
stock rings, show rings and races
were as good as ever seen at any
country fair in the state, because
the best show horses in the State
are on the grounds. Many of the
noted horsemen of the state are
here and in our next issue will be
given a full and complete account.

LIVINGSTON.

Elisha Bullock, salesman, of
Hansford, was with our merchants
Monday. —J. W. Baker was in Mt.
Vernon, Sunday. —Miss Bessie
Carson, of Jellico, is visiting rela-
tives here and will attend the Mt.
Vernon Fair. —Mrs. John Griffie,
a little son, who was struck by
the train a few days ago is rapidly
improving. —Born to the wife of
James Poynter on the 30th of July
a fine girl. —Next Sunday the 9th
is the Bible Convention at the
Christian Church. Remember
the day —W. H. Kruger is build-
ing a five room cottage on his
lot on Main street. —Judge L.
W. Bathurum, of Mt. Vernon, was
here Monday. —Judge Lair, of
Mt. Vernon, was with relatives
here a few days ago and informed
us that he was 81 years old. We
were surprised how young he
looks and so full of life. —The pri-
mary election is over and it was
surprising how little interest was
taken by both sides but the tug of
war will come in November at the
general election. —U. T. Barnes,
a worker for the Baptist Young
Peoples Union, was here several
days last week holding an insti-
tute at the Baptist church. The
members of the organization at
this place were much edified and
strengthened, being better equip-
ped for the work before them and
feel that never before have they
had the ability for training the
young people for Christian ser-
vice that they now have. They
have organized their union and are
looking forward to great results.

—On a Sunday a number of the
young people spent the day with
Miss Annie Walter at her beauti-
ful Klondike house and enjoyed a
dinner that is seldom served in
the county of about ten courses.
Those present were Misses Flor-
ence Pennington, Nettie Rice,
Minnie Wood Quiggs of Eliza-
bethtown, Ky., Alice Ward and
Georgia Amyx and Messrs John
Fields, Earl Rice and John Clark.

—The Big Mt. Vernon Fair will
be pulled of this week and from
what we can gather the fair peo-
ple are not leaving any stones un-
turned to make it a success.
Every one that can go, should.
The thing to do is to patronize
your home fair and we don't be-
lieve anyone will regret the time
spent in attending the Mt. Vernon
Fair this year. —Miss Fred Owens
of Elmwood, Ohio, is visiting rela-
tives here. —Fred Beaver, of Eio-
wah, came to our town a few days
ago and took Miss Nettie Farley to
Knoxville, Tenn., where they were
made man and wife. May their
pathway be strewn with roses and
may their journey through life be
one of pleasure. —Mrs. John Mul-
lins is visiting relatives at Mt.
Vernon this week. —Uncle Fritz
Krueger was with his son, W. H.
Krueger, Sunday. —Fred Baker,
the hustling clerk for U. G. Baker
and G. S. Griffin was in Mt. Ver-
non, Sunday. —Still the man from
Stanford is making his regular
visits to our town and that on Sun-
day. We don't see how it is that
a salesman would come to see our
merchants every time on Sun-day.
We are satisfied that one of our
prettiest girls is the attraction. We
will not give his name; so John
need not worry on that point.
One of the finest rains of the
season fell here Monday, altho
most of the crops are past redemp-
tion, yet it will do a great deal of
good. —Miss E. Fishbach, of Mt.
Vernon, was with her daughter,
Mrs. Robt. Shroeder, Friday. —
H. M. Kink, of the Big Hill, was
here Saturday, enroute home from
Pineville, has almost recovered
from the shots he received about
two weeks ago. —Mr. and Mrs.
Geo. O'Mary, of Jellico, are visit-
ing their son, J. T. O'Mary, of this
place. —Mrs. J. R. Orndoff and
grand daughter, Miss Nellie
Hagan, who have been visiting rela-
tives at Harrodsburg have returned
home. —Mrs. J. W. Rambo, who
has been visiting her son, D. B.
Rambo, of this place, has returned
to her home at Maywood, Ky. —
Mrs. J. H. Browning is visiting
relatives in London, Ky. —C. I.
Rambo was in Maywood, Monday.

—The Swain show band turned
the music, which was first class.

A big Mt. Vernon Fair is the
universal decision of every one
who attended.

Our edition is a little late this
week, but this is fair week, the
office force has worked hard for
many weeks and deserved a rest
which we gladly gave them, even
though there had been no paper
at all. We will be right on the
job hereafter and endeavor to give
our readers the very best paper
possible each week. We ask our
correspondents to send in regular-
ly each week all the good news of
their respective localities or com-
munities.

The admission to the Brodhead
fair will be twenty five cents, a
good square meal for 25 cents.
Plenty of good shade and pure
water at the Brodhead fair.

The Brodhead Fair Association
has added a special feature to their
program this season, which is a
horse show at night together with
with some special attractions con-
sisting of educated horses and
wild west and other performances.

The Mt. Vernon fair which
closes to day has been all that the
fair association could ask for.
The floral hall far surpassed the
expectations of any one and the
stock rings, show rings and races
were as good as ever seen at any
country fair in the state, because
the best show horses in the State
are on the grounds. Many of the
noted horsemen of the state are
here and in our next issue will be
given a full and complete account.

Judge B. J. Bathur- um's Ad-vice

The heading if adopted by the
printer will tend to show what the
Judge intended. Viz:

It is the Judge's "Ad" pointing
out what he intends to do with
the "Vice" part of it.

The Judge knows whereof he
speaks, if not practically and ex-
perimentally he does know from
"common rumor" "common sense"
is mighty good testimony when
a witness is brought before the
court to tell on oath what he or
she knows about a neighbor's
standing as to truth and veracity
as we have plain old fashioned hon-
esty.

It is truly gratifying to see
public sentiment aroused and the
political conscience quickened.
What we old voters once regard-
ed as fine sport, a good pastime
especially at our August election
has somewhat lost its "snap".
The good old "finger cide hand-
corder" days have gone to remu-
no more. The Australian Ballot
system forever broke up the habit
of buying voters in "blocks of
five" marching the sellers in
platoons, to the polls" drunk as
lords" to vote "viva voce" the
red ticket, the black or blue.

A new era in national life has
dawned,—public sentiment has
been aroused.

We are seeing as we never saw
before the indignities that have
been heaped upon, the clean,
-soler intelligent citizen-ship of the
nation. We are beginning to ap-
prehend the danger that confronts
us as a people. The interests that
have been made and are now in
progress of making by the protri-
tution of our only safe guard, to
American civil and religious
liberty. Viz: The sanctity of the
ballot box is alarming.

Dear friends do you realize what
you have done to the man whom
you bribe to vote, or to do any
thing contrary to law.

An awful hue and cry is raised
when some poor wretch is hired
to give false testimony in a court
of justice.

If it is a crime, for him, a fel-
ony, to be guilty of perjury what
shall be said of the man, or men
who hired him to swear. If it is
a crime for a poor ignorant, be-
sotted wretch to sell his political
liberty what shall be said of the
man or men that furnishes the
means and the other fellow that
clutches the bargain? It is getting
to be a serious joke, to buy and
sell votes. It is becoming awful
risky. When such men as the
Judge in Adams County, Ohio,
and Judge Benton of Clark County
Ky., and Judge B. J. Bathurum of
Pulaski county and others put
their foot on it.

Somebody is going to get their
foot in it, some of these latter
days.

It's bad enough, to tempt a
sober man, to take a bribe, but
what of the man, who without any
sign of remorse of conscience, pro-
cures aids or abets in the double
dyed, infamous crime of brutaliz-
ing a human being, by making
him drunk, in order to get him to
vote or to make him incapable of
getting to the polling place?

Is it possible, that public senti-
ment, in this boasted age, this
20th century of the Christian Era,
a time of public education—of re-
ligious zeal and activity—is it
possible that any man or set of
men, can, and will, deliberately
plan to carry an election, by these
means? If so, God help our State
and nation! God save our homes
our wives and children and our
beloved country and may God in
his infinite love and mercy pity
and save those who knowing their
duty in this regard doeth it not, is
our prayer.

TO-DAYS WAR NEWS AT A GLANCE

German troops invaded Russian
Poland to-day and occupied the
town of Kalisz.

The German army violated the
neutrality of Belgium, of which
Great Britain is protector. Ger-
man troops occupied the Belgian
town of Arlon.

Belgium had previously refused
to consider an ultimatum offering
a certain agreement with Germany
in case Belgium agreed to facilitate
the movements of the German
army.

So grave is the situation regard-
ed that a coalition government of
all parties probably will be form-
ed in the British Isles, while it
was generally expected that Field
Marshal Earl Kitchener was to be
appointed Minister of War.

Dowager Empress Maria, of
Russia, was stopped by the Ger-
mans in Berlin on her way to
Russia and told to return to Lon-
don or go to Denmark.

The Russian naval port of
Liban on the Baltic was bombard-
ed by a German cruiser, which
was also engaged with a Russian
cruiser.

The German fleet was reported
sailing into the North Sea, where
the British fleet is said to be con-
centrated.

The German Ambassador had
not yet left Paris to-day.

Fighting between Russian and
German cavalry patrols on the
frontier resulted in slight losses.

French officers are reported
to have attempted to go across the
Dutch frontier into Germany, but
unsuccessfully.

French airmen are said to have
made during flights over German
territory.

German cavalry is reported to
have crossed the French frontier
near Belfort and tried to com-
mandeer horses.

Marital law was proclaimed
through France, where the mobili-
zation and concentration of the
various armies have been carried
out satisfactorily.

The German authorities accuse
the French of violating neutrality
and of crossing the frontiers be-
fore the declaration of war.

Neutral Luxembourg is occupied
by 10,000 German troops.

RESOLUTIONS

Mt. Vernon Lodge No. 319
I. O. O. F.

Whereas, Our beloved brother,
J. J. Bell, was on the 20th day of
July, 1914, by the decree of an
overruling providence, called from
his earthly suffering to a home
where pain and sorrow are un-
known, and where the weary find
rest,—he it therefore.

Resolved, That in the death of
Brother Bell, the members of this
lodge fully recognize that they
have lost one of their number, who
was at all times imbued with the
pure principles of the order, and
whose life and conduct suffer no
reproach to be on his character,
either as an Odd Fellow, fellow
citizen or husband.

Resolved, That the sincere and
heartfelt sympathies of the mem-
bers of this lodge be, and are her-
by extended to the bereaved wid-
ow and family of our deceased
brother, whose loss we, with them
deeply mourn.

Resolved That these resolutions
be recorded on the memorial page
of the records of the lodge, and
that the secretary deliver a copy
thereof, properly engrossed to the
widow and family of the deceased
and a copy delivered to the Mt.
Vernon Signal for publication.

THE KITCHEN GARDEN AND HOME ORCHARD

Ordering and Fruit Growing Appeals
to Man--Profit Made From
Small Plot.

Perhaps there is no branch of agri-
culture that appeals to man more than
that of gardening and fruit growing.
The desire to see something growing
as the result of our own efforts is by
no means confined to the man living
in the country, for it appeals to the
man living in the city as well. In a
great many cases it is said to relate
that the city man, with his small back-
yard garden, too often puts his country
brother to shame when it comes
to the matter of a home orchard or
better still, a kitchen garden. The
average man in the country justifies
himself for the lack of a garden be-
cause of the lack of time or more often
because gardening is a woman's work.
While it is true that the work neces-
sary for the proper care of the orchard
and garden often conflicts with the
more important farm operations, still
it is not a legitimate excuse, because
the satisfaction and profits derived are
usually greater in proportion than
those derived from other crops.

The profit derived from a good kitchen
garden, where asparagus, rhubarb,
cucumbers and other vegetables are
grown, is almost invaluable from the
standpoint of health as well as wealth.
Who does not relish a meal where one
of these vegetables is served after liv-
ing all winter on the heavy nitro-
genous foods that make up the major
portion of the bill of fare during the
cold months?

Fortunately this condition does not
hold true for all the sections of the
state. In the mountains one can not
help being impressed with the number
of small kitchen gardens that are lo-
cated near the house and for the most
part tended by the housewives. In
this garden one will find all sorts of
vegetables that do well during the
summer and early fall before the frost
appears. At the same time one can
not help being impressed by the abun-
dant of hardy vegetables that will
keep well during the winter months.
The small fruits, such as the straw-
berry, gooseberry and raspberries all
to well, as evidenced by the fact that
they are to be found growing wild on
the hillside, still like the late vege-
tables they are conspicuous by their
absence.

It is possible that a great deal could
be made in many sections of Eastern
Kentucky by planting out the small
fruits and providing means for can-
ning them at home if necessary. At
the mining districts consume great
quantities of canned fruits and these
could be easily put up in many cases
right in the mining districts, for often
times mining operations are stop-
ping the summer months when the
small fruit crop is at its height. While
small fruits offer quicker returns, one
should not lose sight of the more sta-
ble fruits like the apple, pear, peach
and plum. The apple especially gives
great promise in Eastern Kentucky.
The peach and plum are more uncer-
tain because of the climate and the
pear is very susceptible to blight.

The many caves located toward
the tops of the mountains offer ex-
cellent opportunities for the production
of the highest grade of fruit. The two
prime requisites for apple culture,
namely, good air and water drainage
are provided in nearly every section.
The question of marketing will
always play a most important part in
successful fruit growing. Kentucky
annually imports a great deal of ap-
ples from the West and from Michigan
where labor and the allied means of
production are very much higher than
they are in Kentucky. An authority
on this subject recently stated that it
costs one dollar and forty-three cents
to produce and market a bushel of
western fruit on our eastern market.
If the western growers can make
profit after this excessive charge, the
Kentucky growers should be able to
equal it at least with the market at
his own door.

Disease and insect pests cause a
great deal of loss because no system-
atic effort has been made to keep them
in control, and undoubtedly this ac-
counts for the great damage so often
noted. San Jose scale is especially
noted and it promises to wipe out many
of the old orchards entirely. Although
it appears very bad to the casual ob-
server, it has often been termed a
blessing in disguise where proper
means of control are employed.

A great many farmers feel that they
can not afford to wait long enough for
an orchard to mature. It is true that
it takes a long time for an orchard to
come into bearing, but if the plan of
growing small fruits as a side line is
followed while the trees are growing
a profitable income will thereby be de-
rived.

The fruit grown in Eastern Ken-
tucky is equal to that produced in any
other section. The standard varieties
like Rome, Grimes, Jonathan, York Im-
perial, not to mention the Berry Red
Champion, King David, Black Ben and
many others that are not so commonly
found.

People interested in fruit growing
and gardening throughout Eastern
Kentucky will do well to visit the hor-
ticultural car that is soon to traverse
the railroads in that section. Various
orchard practices, such as planting,
cultivation, pruning and spraying, will
be fully discussed. In addition sam-
ples of the various diseases and in-
sect pests will be on exhibition and
the proper means of control will be
fully explained.

When you want a good deal in
the daytime, feel dull, achey and
want to stretch frequently it is an
unmistakable symptom of malaria,
and unless you do something at
once you are booked for a spell of
chills. HERBINE is a chill med-
icine that will prevent or cure the
disease. It drives out the impuri-
ties on which the malarial germ
thrives, strengthens the liver and
cleanses the bowels. Price 50c.

conditions must sooner or later be
adopted.

In view of these facts the Experi-
ment Station wishes to show to the
people of Eastern Kentucky the great
advantages of fruit raising and general
horticulture, also the advisability of
going in heavily into poultry produc-
tion in a section so fully adapted to
the production of choice fruit and
poultry.

In addition to these two specialties,
there have been prepared for this train
exhibits bearing on the lumbering in-
dustry, and, as in other branches, the
best authorities have been engaged to
lecture.

The train will be equipped with the
most interesting and instructive ex-
hibits that can be prepared, and it
will be a great disappointment to the
Experiment Station if the people do
not visit this train in large numbers,
take a lively interest in its mission,
and profit by its teachings.

TRAIN WILL RUN ACCORDING TO
THE FOLLOWING SCHEDULE.

Saved Girl's Life

"I want to tell you what wonderful benefit I have re-
ceived from the use of Thedford's Black-Draught," writes
Mrs. Sylvania Woods, of Clifton Mills, Ky.
"It certainly has no equal for la grippe, bad colds,
liver and stomach troubles. I firmly believe Black-Draught
saved my little girl's life. When she had the measles,
they went in on her, but one good dose of Thedford's
Black-Draught made them break out, and she has had no
more trouble. I shall never be without

**THEDFORD'S
BLACK-DRAUGHT**

in my home." For constipation, indigestion, headache, dizzi-
ness, malaria, chills and fever, biliousness, and all similar
ailments, Thedford's Black-Draught has proved itself a safe,
reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-
Draught. It is a medicine of known merit. Seventy-five
years of splendid success proves its value. Good for
young and old. For sale everywhere. Price 25 cents.
